

CSF Learning Outcomes Levels 1 and 2

Links with the Curriculum and Standards Framework

By developing a topic on energy or including energy, a wide range of Learning Outcomes from the following Key Learning Areas can be achieved.

LEVEL 1

KLA / Strand / Learning Outcome	Learning outcome code
THE ARTS	
Performing arts Arts practice – ideas, skills, techniques and processes Communicate ideas when making and presenting performing arts works.	ARPA0101
Visual arts Arts practice – ideas, skills, techniques and processes Communicate ideas when making and presenting visual arts works.	ARVA0101
ENGLISH	
Speaking and listening Texts Listen to and produce brief spoken texts that deal with familiar ideas and information.	ENSL0101
Reading Texts Read and respond to simple texts with familiar content and predominantly oral language structures.	ENRE0101
Writing Texts Produce simple written texts that convey an idea or message.	ENWR0101
MATHEMATICS	
Numbers Count, compare and order collections of at least 20 objects.	MAMA0108
Numbers Use knowledge of numbers, counting and addition and subtraction relationships to explore and describe simple, everyday numerical situations including the use of money.	MAMA0111
Measurement and data Relate time to, and describe time in terms of, familiar recurring phenomena within own life.	MAMA0115
Measurement and data Relate the function of clocks to the telling of time.	MAMA0116
Measurement and data Pose questions with guidance and collect information in order to answer the questions posed.	MAMA0118
Measurement and data Represent, summarize and discuss data using concrete and pictorial displays and oral descriptions.	MAMA0119
SCIENCE	
Science Describe, using appropriate language, scientific explorations of the chemical, physical and natural world.	SCSC0101
SOSE	
Society and environment	SOSE0101

KLA / Strand / Learning Outcome	Learning outcome code
Describe aspects of the student's life in familiar environments.	
Society and environment Illustrate how people use and care for familiar environments.	SOSE0103
TECHNOLOGY	
Materials and movement Identify the characteristics and uses of some common materials.	TEMM0101

LEVEL 2

KLA / Strand / Learning Outcome	Learning outcome code
THE ARTS	
Performing arts Arts practice – ideas, skills, techniques and processes Make informed decisions about effective ways of using performing arts elements in making and presenting performing arts works.	ARPA0201
Visual arts Arts practice – ideas, skills, techniques and processes Make informed decisions about effective ways of using visual arts elements in making and presenting visual arts works.	ARVA0201
ENGLISH	
Speaking and listening Texts Listen to and produce predictable spoken texts that deal with familiar ideas and information.	ENSL0201
Reading Texts Read and respond to short texts with familiar ideas, information and vocabulary, predictable structures and frequent illustrations.	ENRE0201
Writing Texts Write short sequenced texts that include some related ideas about familiar topics.	ENWR0201
HEALTH AND PE	
Health of individuals and populations Describe how the places where people live, work and play influence health and safety.	HPIP0201
Self and relationships Identify why there are different rules and expectations in different situations.	HPSR0202
MATHEMATICS	
Space and shape Location Use and understand everyday location words to follow and give oral directions.	MASPL201
Number Numbers, counting and numeration Model, represent and understand numbers up to 999.	MANUN202
Measurement and data Measuring and estimating Use everyday language to describe and compare distances, mass, capacity and area.	MAMDM202
Measurement and data Measuring and estimating Make comparisons of the relative size of two or more objects.	MAMDM203
Measurement and data Measuring and estimating Measure objects by comparing to formal units and standard units of measurement and	MAMDM205

KLA / Strand / Learning Outcome	Learning outcome code
using simple, common measuring tools.	
Measurement and data Time Describe, order and sequence events with respect to the time of day or time of the year they usually occur.	MAMDT201
Measurement and data Data Pose questions of interest arising from familiar situations or from collected information.	MAMDD201
Measurement and data Data Collect and classify data in the form of objects, pictures, statements and numbers to answer questions or test conjectures of interest.	MAMDD202
Measurement and data Data Record, represent and summarise data in lists and simple graphs.	MAMDD203
Measurement and data Data Describe and interpret data in lists and simple graphs.	MAMDD204
SCIENCE	
Science Identify simple patterns in observations arising from explorations of readily observable phenomena.	SCSC0201
SOSE	
Society and environment Community and participation Examine change over time in the local community and environment.	SOSE0201
Society and environment Community and participation Explain what it means to be an active member of school and other groups within the community.	SOSE0202
Society and environment Community and participation Explain how and why resources are used and managed in the local community.	SOSE0203
TECHNOLOGY	
Materials and movement Describe the characteristics of common materials and relate the characteristics to possible uses.	TEMM0201
